

3-parted Billboard for wall

05-07-2022

A big billboard where three separate corrugated cardboard images are combined together into a single large image fits in environments where fast image changes are important. Since the images are combined into a single large message, the readability increases noticeably even when viewed from a distance.

As an accessory, there is an energy-efficient lighting fixture with LED with very good light scattering, which increases visibility significantly

Image size 4290 x 3090 mm

Weight about 120 kgs

Single / Double Sided Single sided

Material Aluminum cassette

Illumination A LED ramp is available as an accessory

Operation The three separate images are pushed into the cassette from below and snapped

Poster recommendation Images printed on corrugated cardboard
