

A-stand Magnet with top sign

26-04-2024

A double-sided A-stand that works excellently in all environments, but which may be particularly suitable in downtown / indoor environments. Frame of powder-coated steel pipes that are powder-coated in our own paint plant. The message is kept in place and protected by a magnetically equipped UV-resistant front plastic. Crescent-shaped disc at the top with space for the company's profiling or logo.

Image size 50 x 70 cm and 70 x 100 cm

Weight 13 kg and 25 kg

Single / Double Sided Double-sided

Material Steel frame and steel sheet back and UV-resistant protective plastic by Apet equipped with magnets

Poster recommendation 0.1-2 mm thick paper posters adapted for outdoor use (preferably edge laminated)

Operation Place the poster in the space between the magnets on the back of the plastic and place the plastic against the steel back plate
