

A double-sided A-stand that works excellently in all environments, but which may be particularly suitable in downtown / indoor environments. Frame of powder-coated steel pipes that are powder-coated in our own paint plant. The poster is kept in place and protected by a magnetically equipped UV-resistant front plastic.

**Image size** 50 x 70 cm and 70 x 100 cm

**Weight** 10kg and 19kg

**Material** Steel frame and steel sheet back and UV-resistant protective plastic by Apet equipped with magnets

**Single / Double Sided** Double-sided

**Poster recommendation** 0.1-2 mm thick paper posters adapted for outdoor use (preferably edge laminated)

**Operation** Place the poster in the space between the magnets on the back of the plastic and place the plastic against the steel back plate
