

Windstand 40, plastic base

17-04-2024

Windstand 40 is one of our classics. It is a double-sided curb sign with a 40 mm wide aluminum profile. The design makes it easy to change messages. With its resilient construction, it fits in windy, exposed outdoor environments. Equipped with strong plastic foot that is filled with water or sand to stand stable. The foot's built-in wheels make it easy to move it or take it in overnight.

Image size 50 x 70 cm and 70 x 100 cm

Single / Double Sided Double sided

Material Aluminum profiles, Apet plastic cover and styrene back plate. Plastic base

Accessories Wheel set for plastic base. Can be equipped with top sign as an accessory

Operation Open the snap files that hold the poster and plastic cover in place, lift out the plastic and change the poster. Then close the snap profiles so that the poster and plastic are firmly seated.

Poster recommendation Paper posters adapted for outdoor use (preferably edge laminated).
